The host was in grief over the disaster to his costly china, but he was still more concerned by the illness of his guest. Rushing to where the apparentivelying sculptor lay, he attempted to force some brandy down the sufferer's throat.

One of the painters seized a pitcher of iced water and poured it over the groaner, another put some cracked ice in a napkin and tied it around the patient's head, while a third dashed madly downstairs for a physician. After being donsed with cold water, however, the sculptor stopped groaning and protested vigorously against such treatment.
